SUMMARY

Full-Stack Web Developer with 4+ years of professional experience building and maintaining modern web applications using Laravel, React, Next.js, TypeScript, and WordPress. Experienced in developing scalable business systems, RESTful APIs, CMS-driven websites, and responsive user interfaces that solve real-world business challenges.

Passionate about writing clean, maintainable code, optimizing application performance, and collaborating with cross-functional teams to deliver reliable, user-focused digital solutions.

WORK EXPERIENCE

Full-Stack Web Developer

Proweaver, Inc. (Jan 2023 – Present)

- Developed and maintained custom web applications using Laravel, React JS, Next.js, TypeScript, and WordPress.
- Built responsive user interfaces and reusable components for business systems and client websites.
- Designed and integrated RESTful APIs between frontend and backend applications.
- Developed and maintained CMS-driven websites using WordPress, including custom themes and dynamic content.
- Contributed to production projects including AI learning platforms, headless CMS websites, internal business systems, and corporate websites.
- Collaborated with designers, project managers and fellow developers throughout the system development lifecycle.

Front-End Web Developer

Proweaver, Inc. (April 2022 – April 2023)

- Built responsive web interfaces using HTML, CSS, JavaScript, and React.
- Converted UI/UX designs into responsive and cross-browser compatible web pages.
- Collaborated with backend developers to integrate APIs into frontend applications.
- Improved website responsiveness and overall user experience across desktop and mobile devices.
